Optional Benefits

CalPERS Section 457 Deferred Comp (Pretax) through Voya

The plan is a voluntary savings program that allows employees to defer any amount, subject to annual limits, from their paycheck on a **pretax** basis. **Employees contribute on a pre-tax basis money that is invested in a retirement plan with CalPERS. This plan does not have a 10 percent early withdrawal tax penalty regardless of age but money cannot be withdrawn while you are still employed with the District** (except for Unforeseeable Emergencies). Employee contributions and their earnings, if any, can benefit from the power of tax-deferred compounding.

CalPERS Roth Section 457 Deferred Comp (After Tax) through Voya

The plan is a voluntary savings program that allows employees to defer any amount, subject to annual limits, from their paycheck on an **after** tax basis. **Roth contributions come out of your pay after taxes are deducted, but your contributions and related earnings may be withdrawn tax-free at retirement**, if certain criteria are met. Roth 457(b) has same contribution limits as 457(b) pre-tax.

District's 2% Retirement Match of Employee CalPERS Contributions

When an employee contributes into their own CalPERS retirement plan, the District now matches up to 2% of an employee's base salary, once they have passed their probationary period, at an amount not to exceed the IRS limits.
